This year, as we count up to our jubilee, we foreground our wonderful students and alumni, and celebrate the University's growth and achievements in a collegiate atmosphere.

## Celebrate the continued growth of the University

at the inauguration of the Carole and Marcus Weinstein Software and Information Systems Engineering and Cyber Security Building; the unveiling of a new sculpture by renowned French artist Theo Tobiasse; and the dedication of the Goldstein-Goren Center for Quantum Biology, Brain Imaging and Technology.

## Explore the city of Beer-Sheva

– from Abraham's Well to Israel's cyber capital, the city of Beer-Sheva is thriving, blending the old and the new; this singular guided tour will conclude with the President's Reception at the Lauder Center, housed in a magnificently restored building in the Old City's artists' quarter.

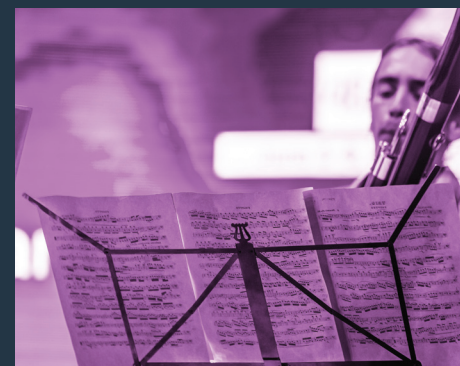

Mark David Ben-Gurion's 130<sup>th</sup> birthday with the **screening of the recently premiered documentary film *Ben-Gurion, Epilogue***, which reveals rare interviews with Israel's first prime minister.

**Delve into the history of the Jewish People and the State of Israel** as we mark the establishment of the Center for Israel Studies; dedicate a new Chair in memory of Dr. Michael Feige from the Israel Studies Program; and inaugurate the Aron Bernstein Chair in Jewish History, followed by an insightful discussion unveiling the latest research about Holocaust survivors.

## Welcome the Israel Chamber

**Orchestra** for a musical extravaganza in memory of Dr. H.H. Deichmann – Mozart's *Requiem in D Minor* performed together with the participants of BGU's Chamber Music Course.

## Participate in an array of moving events

that include the exciting Student Evening, the inspiring Honorary Doctorate Conferment Ceremony, the annual ceremony recognizing our loyal supporters and friends, and more.
