RE: Update of Insurance Premiums for Foreigners in Israel, January 2019

Dear Sir/Madam,

1. We would like to inform you that Clalit Health Services updated the rates of its medical services in Israel on January 1st, 2019. Clearly, changes in the cost of essential services, such as electricity, water and the like have an impact on the cost of the medical services provided to all foreigners in Israel.

2. In light of this changes, Harel insurance company is forced to adjust its insurance premiums as well.

3. From January 1st 2019, the daily premium per person will be:

   UMS policy: 2.15$.
   Prestige policy: 2.4$

We are always pleased to be of service.

Sincerely,
Amos Gilboa
Director, the Division of Overseas Students and Visitors
