The University Security Department seeks to refresh to the staff and students, the instructions how to behave when a siren sounds:

When a siren sounds, you are requested, within 60 seconds, to enter the protected area closest to you or to one of the following areas:

1. To those in a building - you should choose protection as follows:

- a) Enter the protected space on the same floor (level) and close a steel window and door.
- b) Internal area (such as a corridor) that is without windows and without a west-facing exterior, under two thick beams.
- c) In stairwells with no west-facing wall.
- d) A room with a minimum number of windows with no west-facing wall.

In all cases, sit on the floor (below the windowsill level) and lean against an interior wall.

Do not sit in front of windows

2. To those not in a building

- a) In a built-up area – enter the nearest building and act according to the instructions for persons taking shelter indoors.
- b) In an exposed area - lie on the ground face-down and cover your head with your hands.

3. To those travelling in a car

- a) If possible, stop by the side of the road, leave the vehicle and enter the nearest building or cover. If you are unable to reach a building or shelter within the given period of time, lie on the ground face-down and cover your head with your hands.
