

Graduation ceremony 2016

Adam Šťovíček

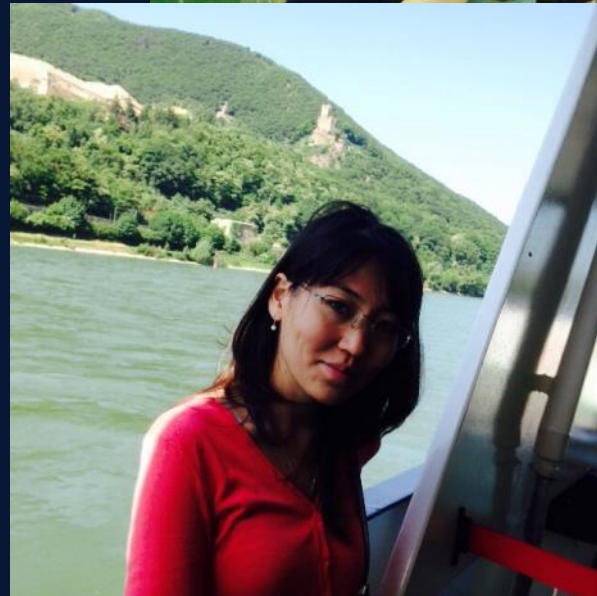

*I have indeed moved
on with my life -
from old dorms to
new dorms in the
campus and from a
middle bench to a side
bench in the lab.
Life is one big
adventure!*

Aizat Bekturova

I am in 2nd year
PhD in the Lab of
Prof. Moshe Sagi,
in Ben-Gurion
University of the
Negev

I am continuing to
work on a project
that I started in
my Master

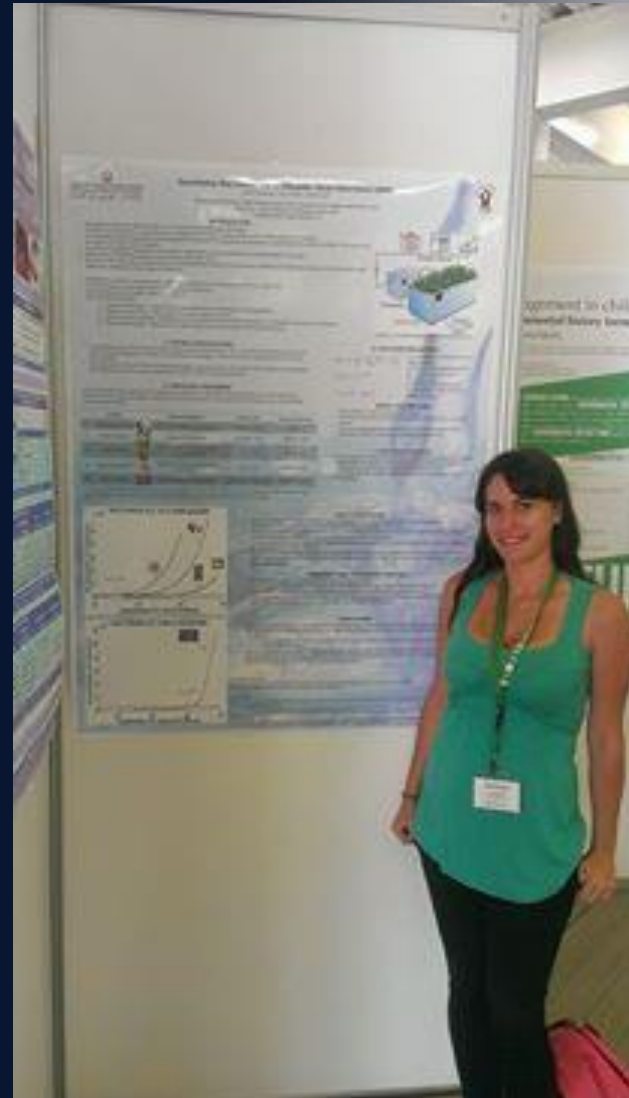

Alexandra Shtein

After graduating I traveled in India and Nepal for two months, and nowadays I am working on my PhD proposal in the Geography department in Ben Gurion University of the Negev

Allison Busgang

*Since graduating I
moved to Tel Aviv
and have been
working as an
environmental
engineer at LDD*

Alon Zeligover

*Working as research engineer and
technician at the water institute
(ZIWR)*

Aní Vardanian

Not a lot changed since I
moved from Sde boker: same
old friends, same old lab coat
and same old crown 😊

I started my Phd at
Technion,

Since I'm not there with
you, I am sending my regards
to all my friends and
academic staff

Brian Hoefgen

I returned home to Washington State in September and worked the grape harvest.

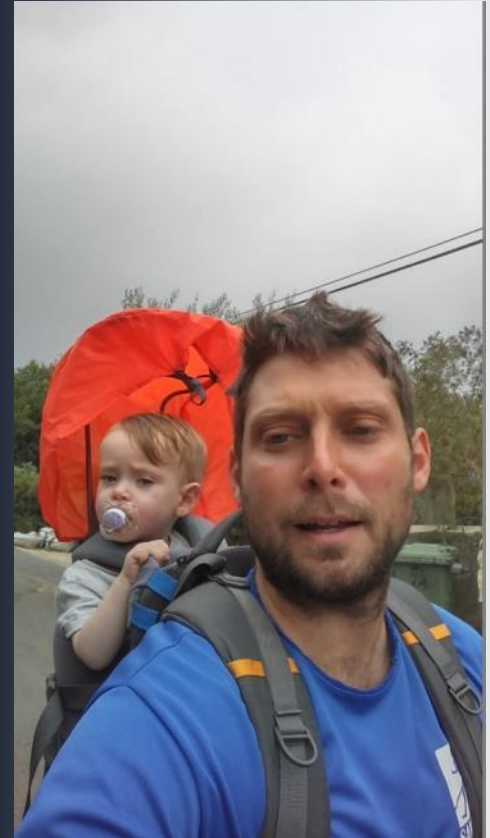

Just as of a few days ago, I moved to California for a Grower Relations internship position.

Elad Levíntal

*After my master
degree
I stayed in SB
and now I'm in the
middle of my PhD,
enjoying some
family life and our
wonderful desert*

Eli Asa

*Currently I am working
in the university as a
Project Coordinator in
the field of
construction and
building maintenance*

Emil

Currently I'm working in Germany in the research center of Juelich and doing my PhD in Bonn University,

Anyway the Best 2 years of our life was in Sde-Boker and I really miss everyone, even the post office lady 😊
Finally I got my best result who's name is Marat 😊

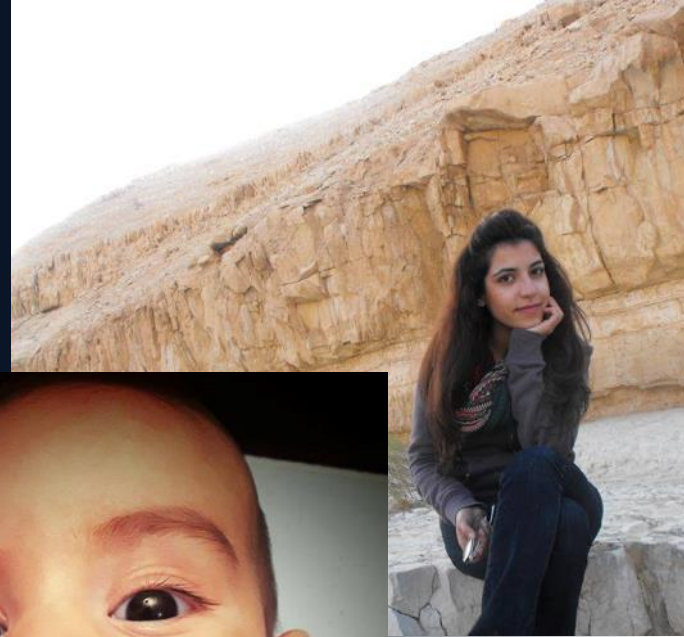

Krísta

Currently I am taking
care of our son.

Hope soon will go back
to the research.

I had the best few
years of my life in Sde
Boker. We will visit
you soon with our
baby😊

Fabio Scheinkman

I am an Environmental Planner at "Yozmot-Sviva". The office is involved in planning and consulting various development projects. At the moment I am consulting on different projects.

I am currently living in Haifa.

Yaakov Florentín

*I instruct robotic
classes in
Yeruham, as well
as happily raising a
family and waiting
to start my PhD.*

Guy van Bommel

At the moment working for the BGU ecology department in Sde Boker and partly Gilad/Hatzerim as a research assistant.

Hojin Yu

*Still hanging around here on the campus,
I am pursuing another MA in Israel
Studies.*

*Quite often, you can see me with two
little buddies on the streets.*

Imrí Aharoní

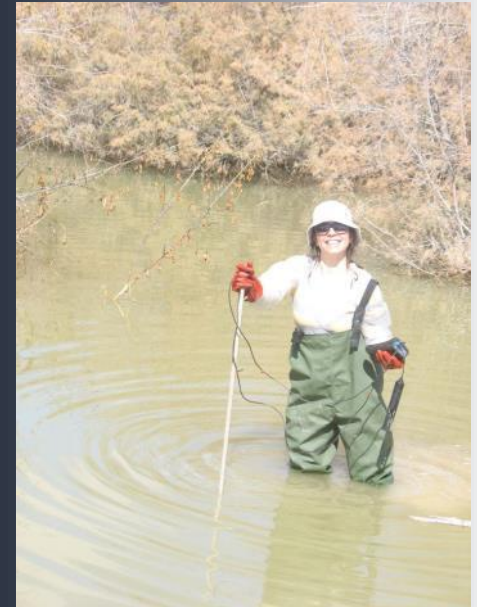

I have finished my master degree and have decided to continue to PhD studies in Hydrology.

Currently enjoying living and studying at the Albert Kats international school, Midreshet Ben-Gurion.

Inbal Zibel

Finishing her 2nd
year in Ph.D
studies in Sde-
Boker, trying to
save fresh water for
the next
generations by
culturing food fish
with treated
wastewater

Janardan Khadka

*I am a PhD candidate at The Jacob
Blaustein Institute*

*I am studying the genetic and epigenetic
regulation of gender expression in
dioecious model plant *Mercurialis annua*.*

Jihyun Kim and Julian Leaf

Jihyun and Julian are one of those that met in the dorms and stayed.... How many like them are here each year?

Jihyun continued her research and is currently working on her PHD in biotechnology

she is looking for methods to heal fish with natural plants

Julian is living with her and working in an environmental consulting company in Omer. He is looking for... hmm... more questions to answer.

Layla Hashweh

I am currently doing my PhD in hydrogeology at Bonn University Germany.

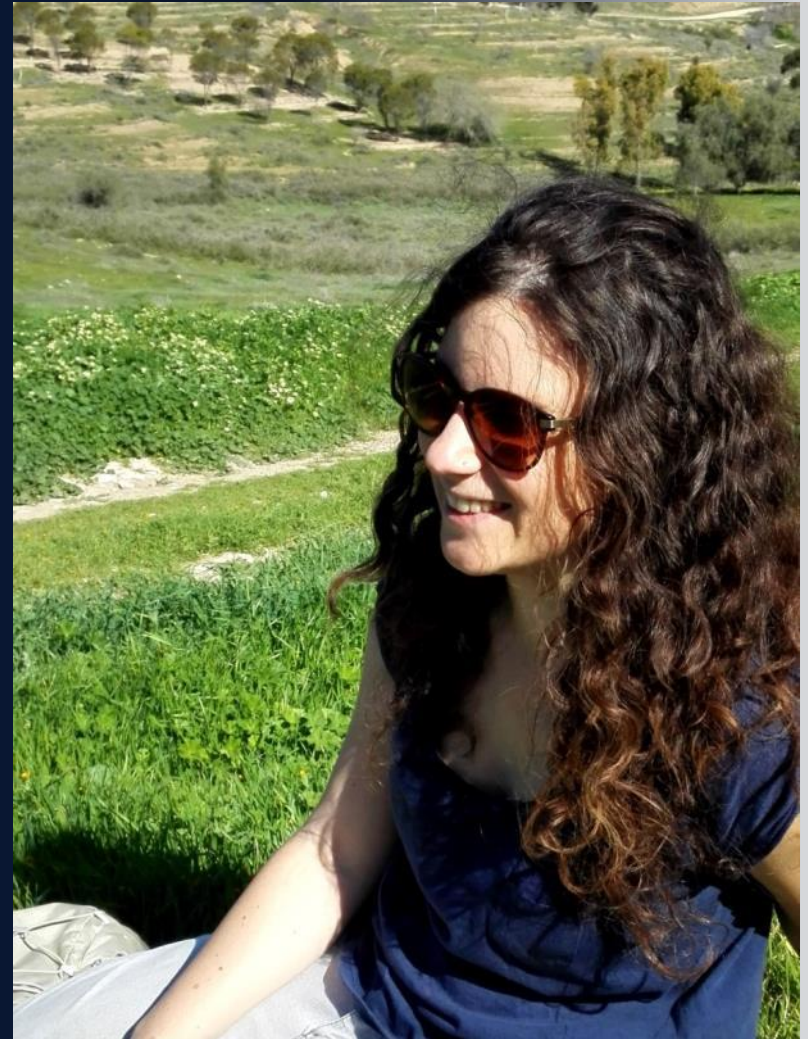

I am part of a bigger project called GlobE Wetlands in East Africa. My field work is in Kenya!

Líor Ventura

*I currently work as
an ecological
consultant at Geo-
Teva Environmental
Consulting*

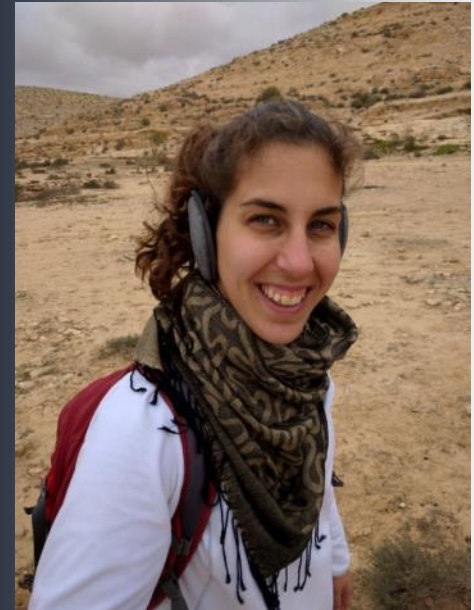

*I also write
for Zavit - a
science and
environment news
agency.*

Maayan Yeshaiahu

finished my master
last January · Live
in Moshav Kerem
Maharal in the
Carmel , still
looking for a job
and in the
meantime raising
my one year old
daughter -
Matan

Meirav Piness

*I'm currently doing
a PhD at the
Nanotechnology
institute at Ben-
Gurion University.*

*My research is about
Thermophotovoltaics: PbSe/GaAs (and
later on plastic substrate) nano-columns
with IR radiation that will be a part of
our everyday hybrid cars*

Nathan Wardrip

Since completing my studies at BGU I have moved back to the US. I am currently working as a design engineer at NACS, a company that creates machines for manufacturing medical devices.

Nina Gordon-Kirsh

Nina works as an outdoor instructor for two companies, Outward Bound and Recreational Equipment Incorporated (REI).

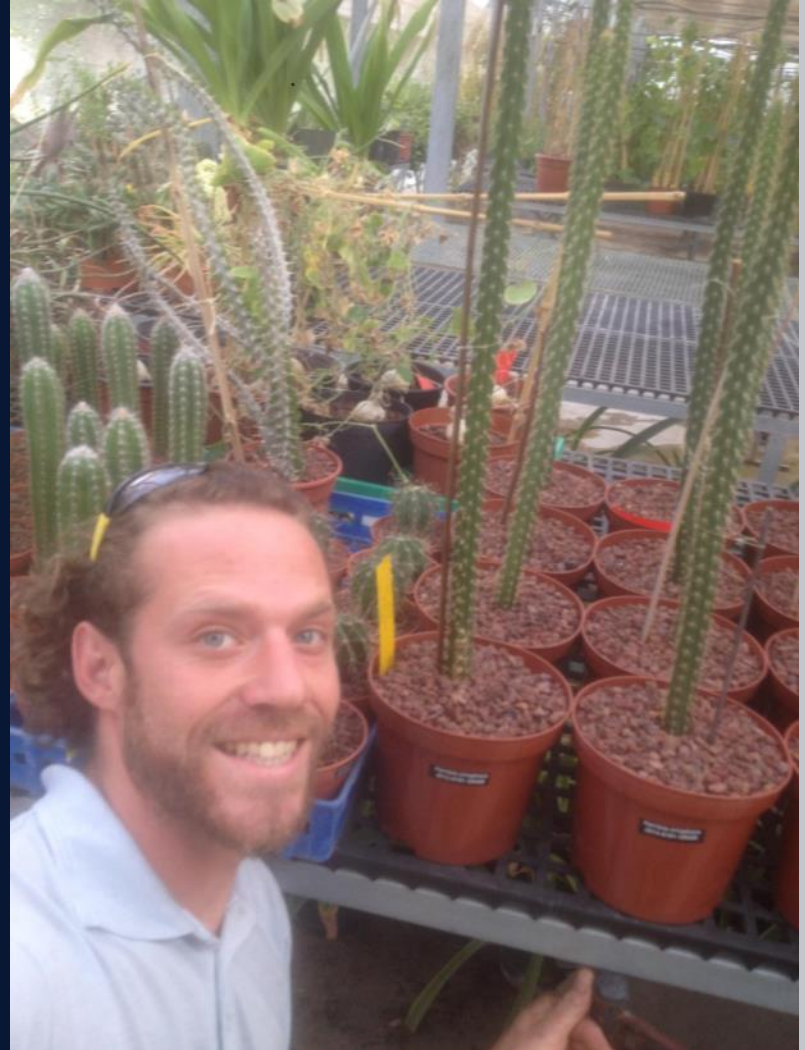

She loves what she is doing 😊

Noach Marthinsen

*Grow plants in
Jerusalem I run the
nursery of the
Jerusalem Botanical
Garden.*

*In my free time I
grow heirloom
vegetables on my
roof in Nahlaot.*

Paloma Juliana

I'm a full time mom and also work as a science adjunct faculty at a college and at a community college (for now)

Shaham Pevzner

*I and my family,
Liron, Itam and Gev,
live in Kidmat Zvi in
Ramat Hagolan*

*I am in charge of
apple grove of one of
the settlements and
I have a peer grove
vineyard*

Shlomi Aharon

Now days I am working on some zoological and botanical projects and having a good time with the family.

Solomon Leake Lemlem

*After holding my MSc i am
employed in public higher
institution (University)
called Mekelle University, in
Ethiopia as a lecturer
position; in which my
duties and responsibilities
are: teaching for
undergraduate students,
conducting applied research
and providing community
services.*

Tal Godfinger

Currently, I work at the public health laboratories in Tel Aviv at the water microbiology and water chemistry labs. I'm leaving in Jerusalem with my partner and our two cats

Tali Olami

*Discovering a
new the life
in Jerusalem
and looking
for my next
adventure...*

Tatiana Bogdanova

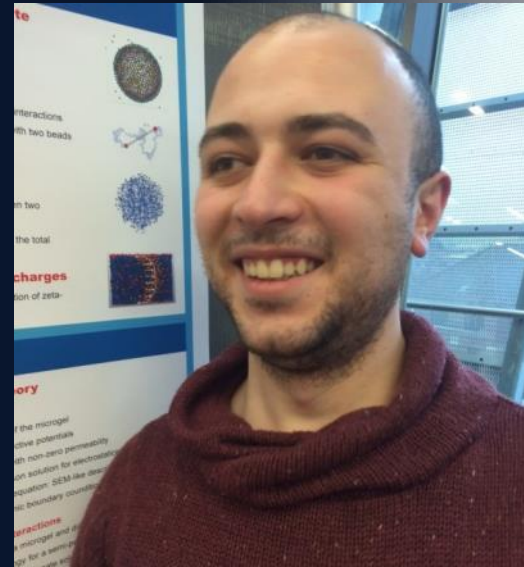

*I'm currently working as ORISE Fellow
for EPA's Office of Research and
Development in Research Triangle Park,
NC*

Vardan Vardanian

I am currently working as a PhD student at RWTH University.

Our aim is to develop a new theory for colloidal particles such a microgels, which have a key role for drug delivery applications

Yael Rodger

*After finishing my
MSc in Ecology I
am now living in
England and
working as an
Animal Technician
for the Medical
Research Council
with hopes to do
my PhD next year.*

Yemíma Gívaty-Rapp

I am now in the United State on a track that begins in the south (on the border with Mexico) and end in Canada.

Zainab Tayeh

I'm currently
moving forward to
fulfill the rest my
lifetime dream☺
in which i'm a PhD
student at
Weizmann institute
investigating the
influence of
oncogenes on DNA
repair mechanism in
cancer.
