Tuition
Following is estimate from previous year, subject to change. For most current info please contact the IMBA Coordinators IMBA@som.bgu.ac.il.

The basic tuition for 2018 was NIS 13,603.00/year for Israeli citizens (this is the 100%). Non-Israeli citizens pay 125%, which is equal to NIS 17,004.

According to the Israeli Council for Higher Education (CHE), an MA/MBA degree costs 200% of the basic tuition, since it is a two year curriculum degree. This brings the total cost to NIS 34,008.

There is an additional fee of about NIS 1250 for each Supplementary Course if so required (economics, statistics and math). All three courses cost NIS 3750.

Thus, the total cost for a non-Israeli MBA student who’s required to take 3 supplementary courses ≈ 37,758 NIS (= $10,000)
