

Horizon 2020 - Robotics Info Day

Monday, November 7, 2016

Presentation: 09:30 – 11:15

Rotem Meeting Room, Building 70

The R&D Authority at Ben-Gurion University of the Negev cordially invites you to a presentation on the Horizon 2020 Work Programme 2017 Open Calls

Focus areas: Robotics and Autonomous Systems

The presentation on the Robotics Topics will be presented by Dr Aviv Zeevi-Balasiano, Director of the Programs: ICT and Security at ISERD – Israel's official liaison to Europe's Horizon 2020 Research Programme.

Advanced Robot Capabilities, System Abilities, Robotics Advances for precision farming, Automated Road Transport and relevant Robotics platforms

Following the presentation, Aviv and the RDA team will meet interested researchers on one-on-one meetings for further guidance and assistance in participating in a Horizon 2020 proposal.

Researchers interested in participating in the presentation and in a one-on-one meeting are requested to contact [Ephrat Messing](#).

Come and learn about the funding options and meet the other interested parties in this program.

Agenda – Robotics and Autonomous Systems

09:30 – 10:00	Registration and Coffee
10:00-10:15	Greetings
10:15-11:15	Horizon 2020 – Robotics- 2017 Call for Proposals, potential platforms Dr Aviv Zeevi, Director of ICT and Security Department, ISERD

One-on-One Meetings with Dr Aviv Zeevi and the RDA Team
