

Vacant Position: Faculty member

Department of Materials Engineering
Faculty of Engineering Sciences
Ben-Gurion University of the Negev
Beer-Sheva, Israel

The Department of Materials Engineering at the Ben-Gurion University of the Negev seeks outstanding candidates for tenure track positions. Applications will be considered in all areas of materials science including materials chemistry, materials physics and materials engineering and encompassing both theory and experiment .

The candidate should either have experience or show potential for leading a research group that involves supervision of students, technicians and research associates, applying for grants, international collaborations and generating links with industry. The candidate should also be able to teach core and advanced courses in materials science and engineering at undergraduate and graduate level.

Application packet containing a cover letter, curriculum vitae, research plan and names and contact details of three references should be submitted by the candidate in a single PDF file to:

Prof. Yaniv Gelbstein

Head of Materials Engineering Department

E-mail: yanivge@bgu.ac.il

The application deadline is 30 September 2018.

Please note that the teaching language in Ben Gurion University is Hebrew.
