# Perusall - יציאת מ'שנה -2

The screenshot shows the Perusall 'Get started' page. The page title is 'Perusall > Perusall > Get started' with a sub-header 'Created from Moodle'. The user is identified as 'Yael Lin'. The main content area is titled 'To set up your course:' and contains four numbered steps:

- 1 Create links in your LMS for students to access Perusall:** students will be enrolled automatically when they click the Perusall link in your Learning Management System. You can track which students have used Perusall by clicking **Students**.
- 2 Set a course start and end date,** and tell Perusall about your estimated enrollment and grouping preferences in **Settings**.
- 3 Choose course materials** by clicking **Library**. Select a textbook from our catalog, upload a file from your computer, take a snapshot of a web page, or add a video.
- 4 Create assignments** by clicking **Assignments**. Perusall engagement...

A white tour overlay is present in the center of the page with the text: 'Welcome to Perusall! This brief tour will show you how to set up and navigate your course.' It has two buttons: 'Next' and 'End tour'.

Below the steps, there is a 'Welcome to Perusall!' section with the following text: 'With only a few minutes of setup for an entire semester, Perusall is designed to motivate students primarily through the content of the readings and their social interactions. You may also choose to use Perusall's engagement score (perhaps by combining it with your class participation score so students can help each other in whatever way they feel most comfortable). The Perusall engagement score is computed from student behavior and designed, based on our research, to predict students' mastery of the subject (see the welcome message we suggest you provide your students; you may adjust the grading rubric in Settings). Perusall then gently nudges students to get try to get every student 100% on this score and deliver to you a class of fully prepared students. To keep students focused on intrinsic motivation for the material rather than grades or gaming the system, the student welcome message describes the general characteristics of effective reading without giving precise definitions. Since grading is designed to get every student prepared and 100% credit for the reading, students view it as non-adversarial and do not feel the need to game the system. Please ask students to pay attention to Perusall nudges, as doing so will not only improve their grade for each assignment but will also improve their performance in the course. In addition to the textbook, we encourage you to upload all your class materials into Perusall. That way, if a student has a question, they can annotate your syllabus, a handout, or a problem set. You or (if you choose) another student can answer it, and you'll never need to answer the same question twice. Our knowledge base has additional guides, such as suggestions on how to incorporate Perusall scores into your course grades, and what instructions to provide to students.'

# אנונימי פרויקט

The screenshot displays a course management interface. At the top, there are navigation tabs: 'Get started', 'Library' (highlighted with a red box and an arrow), 'Assignments', and 'Students'. Below these is a 'Add content' button with a plus icon. A red arrow points from this button to a list of content types on the right. The 'Video' option is highlighted with a red box and an arrow. A 'Help' sidebar is visible on the right with a search bar and the text 'zendesk'.

+ Add content

- Folder**  
Add folders to your course to organize content in the library. Folders can be individually hidden from them, or want certain content only accessible through an assignment.
- Textbook**  
Select a book from 200,000+ titles in our catalog. Students simply purchase the book through Perusall, usually at the normal digital price.
- Web page**  
Take a snapshot of a web page to add to your content library.
- Documents from Dropbox**  
Select a PDF, EPUB, or Word document from your Dropbox to add to your content library.
- Documents from my computer**  
Upload a PDF, EPUB, or Word document directly from your computer to your content library.
- Materials from another course**  
Copy course materials from another course into this one.
- Video New**  
Add a video from YouTube, Vimeo, Dropbox, Google Drive, or a direct link to a video file.
- iClicker New**  
Allow students to purchase iClicker Reef at a discount. (Purchasing iClicker through Perusall is only available for students in the US and Canada.)

# העזרה בקישור של המשימה ב-Perusall

כדי לקבל ציון במבחן יש להוסיף למבחן כל משימה הנפרד

The screenshot shows the Perusall interface for an assignment. The top navigation bar includes 'My Courses', 'Get started', 'Library', 'Assignments', and 'Students'. The assignment details show 'Due Tue Jun 16, 2020 1:37 pm IDT'. The 'Library' section lists 'powerposing Entire document' and 'מחקר הסדעי Pages 1-4, Pages 8-10'. The 'Assignments' section has a 'Show previous assignments...' link. The 'Chats' section shows 'Groups' and 'One-on-One'. The 'Hashtags' section shows '#grades', '#lecture', '#logistics', and '#section'. The main content area includes 'Open', 'Edit', 'Extend deadline for a student', 'Copy full title for LMS', and 'Delete' buttons. Below these are 'Analytics', 'Confusion report', and 'All comments' buttons. The 'Overall assignment progress' section shows a 100% completion rate with a legend: 'Completed with maximum score (0.0%)', 'Completed but not maximum score (0.0%)', 'Some work submitted (0.0%)', and 'No work submitted (100.0%)'. It also shows '10 comments, 3 questions, 1 unanswered question' and '0 minutes average reading time'. The 'Most upvoted annotations' and 'Most active students' sections are partially visible.

A close-up of the 'Copy full title for LMS' button, which is circled in red. A green notification box above it reads: 'Copied assignment title to the clipboard. Set this to be the title of the assignment in your LMS.' A red arrow points from the notification box to the button.
