Seminar

Roi Dor

*Department of Zoology,
Tel-Aviv University*

Tuesday, May 16, 2017, 12:00

Seminar Room, Old Administration Building

Participants are invited to meet the seminar speaker at the MDDE meeting room immediately after the seminar (~ 13:00). Please bring your lunch; snacks will be provided.

Insights from studying bird populations

In my talk I will describe some of our research on bird populations in Israel. We study these populations in order to investigate their behavior, ecology and genetics to address questions regarding mechanisms of trait evolution, local adaptation and conservation issues.
