Dear colleagues,

we are happy to announce the call for abstracts for the European Group of Process Tracing Studies (EGPROC) Annual Meeting. The deadline for submissions of abstracts is April 23, 2021.

Please use this link to submit your contribution: https://forms.gle/6XY3Q1W9srNTHsbf8

EGPROC will take place online.

We will host EGPROC 20201 on 18. May 2021, 19. May 2021 and 1. and 2. June 2021. The event will include talks + time for socializing. We aim to keep zoom fatigue at bay by keeping the meeting times brief and organizing the event in a family-friendly and timezone-friendly way. We plan to schedule events between app. 4pm and 8pm UCT. The final schedule will be available on April 20, 2021. There is no conference fee.

EGPROC brings together researchers from different disciplines such as behavioral economists, as well as cognitive, economic and social psychologists with a shared interest in process tracing in judgment and decision making. We aim to invite speakers to discuss merits and challenges of different process tracing tools, and the future potential lying in their integration. Current work relating to human decision makers introduced by researchers from diverse backgrounds and career levels will be discussed.

EGPROC is supported by the ASPO workshop grant and the DGPs Fachgruppe Sozialpsychologie.

We look forward to your submissions and hope to see you online soon!

Best.
