

## Graduate Studies

### - Research Seminars

The department of Industrial Engineering and Management (IEM) conducts research seminars during the semester on a regular basis. The seminars are held at IEM's main seminar room (Room 150, Building 16).

- The department's seminar, coordinated by Prof. Yisrael Parmet ([iparmet@bgu.ac.il](mailto:iparmet@bgu.ac.il)), is held on Mondays, between 11:10 – 12:00 AM.
- The research-students seminar, coordinated by Dr. Danny Hermelin ([hermelin@bgu.ac.il](mailto:hermelin@bgu.ac.il)), is held on Mondays, between 12:10 – 13:00 PM.

Each IEM research student is required to conduct at least one seminar during his/her studies, where the schedules are managed by the seminar coordinators.

The department often hosts special seminars, scheduled to time-slots other than the regular ones. Special seminars are announced in advance by the departments' administrative office
