2. \_\_\_\_\_

3. \_\_\_\_\_

Title of thesis

\_\_\_\_\_

The Aranne Library (henceforth: the Library) at Ben-Gurion University of the Negev (henceforth: BGU) serves as the repository for Master's theses and Ph.D. dissertations submitted to all the University's faculties and schools.

M.A. theses (henceforth: the Work) should be deposited in accordance with the following guidelines:

1. The author must submit a digital copy, intended for the Library, via the faculty, along with this "Deposit Form", filled out, signed and digitized.

Please note that granting access to the digital copy of the thesis could hinder the ability to register a patent, etc., based on the thesis.

2. The Library may allow its registered readership access to a digital copy of the work, in accordance with the conditions, approved as follows by the author and supervisors:

### **The Author's and Supervisors' Permission**

If no option is marked in this section, the library will consider your choice as "Access to all internet users **immediately**".

I hereby grant access to the digital copy of the work to <b>all internet users</b> as per the timetable below (pick <b>one</b> option):
<ul style="list-style-type: none"> <li><input type="radio"/> Immediately</li> <li><input type="radio"/> After 1 year embargo</li> <li><input type="radio"/> 2 years embargo</li> <li><input type="radio"/> 3 years embargo*</li> </ul>

\*Please note: after the initial embargo period, the work will become accessible to all internet users, unless an application for an extension is submitted. A detailed request, including the supervisor's approval, should be sent to this email [library@bgu.ac.il](mailto:library@bgu.ac.il). A continued embargo period will be granted for a maximum of two additional years. In the case of extraordinary circumstances that require continuation of the embargo period, a new and detailed request should be submitted to the library. **After the termination of all embargo periods, the work will become accessible to all internet users.** The University Library Committee in collaboration with the Library Director will be responsible for granting the embargo periods.

**Theses that are, or include, published articles will be accessible to the BGU community only.**

**When permission has been granted to provide digital access to all internet users, a digital copy will also be transferred to the National Library of Israel. The National Library will then have the right to grant access to the digital copy on its Internet website.**

**Author's and supervisor's declaration:** I hereby deposit in the library a digital copy of my thesis and authorize the library to use it for the purposes detailed in this document. I declare that the copy I have deposited is identical to the copy officially approved by the Judging Committee. I declare that I have abided by all the copyright laws regarding all the sources I have cited in my work.
