The registration will be open the day after the first exam.

Registration or cancellation must be done up to 3 days prior to exam day by 8 AM. Failing to take the exam without due cancellation, will be fined 21 NIS.

Once standard registration for the second sitting exam concludes (3 days before the exam, by 8 AM), late registration will be open for an additional 24 hours, subject to a fine of 78 NIS. Failure to attend the exam will be fined an additional 21 NIS (that is, 78+21 NIS in total).

In case of missing the deadline for late registration, one may print a barcode using the link adjacent to the exam details and arrive with the printed barcode at any of the exam classes. It is mandatory to bring the printed barcode.

Without it, entering the exam class will not be permitted. This procedure is subject to a fine of 200 NIS (Just printing the barcode, without showing up at the exam, will not be fined).

Attached is barcode sample that should be printed at home (please print on A4 size white paper with dark ink, and do not fold it).

Online exam via Zoom from home only – it will **not** be possible to print a barcode after the deadline for the late registration. In this case, an email must be sent to examunit@bgu.ac.il at least one hour prior to the exam in order to be processed.

Entering the exam class without registration or printed barcode will not be allowed.

All fines will be charged using the tuition fee system.
